Event Details: -

- **Update on Administrative Support Group (ASG) Activities:** The ASG will provide an update on new Partners and new activities under the Initiative, country action plans, Methane Expo 2013, and the Climate and Clean Air Coalition to Reduce Short-Lived Climate Pollutants.
- **Updates from Partner Countries:** Partner Countries will have an opportunity, if they choose, to provide a brief update on their activities since October 2011, and an overview of activities planned for the rest of 2012. Partner Country delegates interested in providing an update should make their presentation brief. Delegates are welcome to submit longer updates (Power Point presentations or Word documents) if they would like to share a more complete update with other Subcommittee members. If submitted in advance to the ASG (asg@globalmethane.org), these updates can be available during the webinar. Following the webinar, all presentations and longer submissions will be posted to the GMI website.
- **Coal Industry Workshop and GMI Coal Subcommittee Meeting in Sydney, Australia:** Emma Fagan with the Australia Department of Resources, Energy and Tourism will speak about the dates and logistics and event details.
- **Coal Mines Sector Plans for Methane Expo 2013 in Vancouver, Canada:** Ray Pilcher of Raven Ridge Resources will discuss the framework for technical and policy discussions and ideas for showcasing coal mine methane project opportunities, technology, and funding mechanisms.
