April 16-18, 2018 • Beanfield/Enercare Centre
Toronto, Canada

*Followed by: CCAC Working Group Meeting
April 19-20, 2018*

TECHNOLOGY DEMONSTRATION DAYS

April 16 & 18, 2018

Get Involved – Table-top exhibit opportunities!

The Administrative Support Group of the Global Methane Initiative is pleased to announce table-top exhibit opportunities at the Global Methane Forum on Monday, April 16 and Wednesday, April 18, 2018 in Toronto, Canada. Vendors, service providers, and others who are interested in showcasing their innovative methane technologies to a specialized, international audience are invited to register for a table-top exhibit. Interactive displays are encouraged, and **exhibition space is free!**

The Global Methane Forum will take place at the Beanfield/Enercare Centre on April 16-18. The Forum is a premiere global event convening policy and technical experts from around the world to discuss opportunities to reduce methane emissions, science, policy, technology innovation and other methane-related issues. The Forum, organized by the Global Methane Initiative, the Climate & Clean Air Coalition (CCAC), and the Government of Canada, will be held back-to-back with a CCAC Working Group Governance meeting, which will take place at the same venue on April 19-20. For more information about the Global Methane Forum, please visit our website: <https://www.globalmethane.org/gmf2018/>

A limited number of display spaces are available. So don't delay - register today!

If you are interested in participating in the Technology Demonstration Days, please complete the following form and return it to Lauren Lariviere, ERG (contractor providing logistical support for the GMF) at lauren.lariviere@erg.com.

Exhibitor information

- Participants will receive exhibit space on a first-come first-served basis. **The first 30 exhibitors to confirm attendance will be offered space on both Monday and Wednesday.**
- Table-top exhibits will be held in different rooms on Monday and Wednesday. Exhibit tear-down and storage between exhibit dates will be the responsibility of the exhibitor.
- Exhibitors will receive one 6-foot table and two chairs. The space does not allow for full-size booths; anyone attempting to set up a full-size booth will forfeit their space. If you wish to display a booth that may exceed the standard allotted space of 6 feet, please contact Lauren Lariviere at lauren.lariviere@erg.com.
- While the space and table are offered free of charge, the cost of any additional needs (i.e., wired internet, shipping) are the responsibility of the exhibitor.
- All exhibitors must register to attend the conference at <http://www.globalmethane.org/gmf2018/reg>. There is no fee to attend the Forum.

CLIMATE & CLEAN AIR COALITION
TO REDUCE SHORT-LIVED CLIMATE POLLUTANTS

GLOBAL METHANE FORUM

April 16-18, 2018 • Beanfield/Energcare Centre
Toronto, Canada
