

GMI Secretariat News and Updates

23 July 2020

GMI Secretariat News and Updates

- Executive Task Force – In response to postponing the Global Methane Forum 2020, the Secretariat created the Executive Task Force to:
 - Facilitate discussion and decision-making
 - Engage a broader cross-section of the GMI community beyond Steering Committee members
 - Gather information and make recommendations to the Steering Committee
- 2020 Priorities:
 - Strengthen relationships with Partner organizations
 - Enhance the GMI website
 - Promote new tools and resources
 - Spotlight successful methane mitigation stories

Topics Addressed by the Executive Task Force

- GMI's Strategic Partners: How to Complement and Leverage Action
- The Global Methane Challenge
- Proposal for United Nations International Year or Decade for Methane Management
- Future of GMI
- Re-Charter of GMI
