**Present Status**

# Participation of India In Partnership Expo

---

- India's participation in the Partnership Expo will be in form of:
  - Sponsoring events
  - Showcasing Projects

# Participation of India In Partnership Expo: Sponsoring Events

## Sponsoring Events

- Contacts have been made with agencies engaged in CBM/CMM activities and also financial institution to become project network members and also to sponsor certain events of the proposed partnership expo.
- Subject to competent approval, CIL/CMPDI are proposing to sponsor the following events:
  - The event under Gold sponsorship category
  - Opening reception in the exhibit hall
  - One of the continental breakfast

# Participation of India In Partnership Expo: Showcasing Projects

---

## Showcasing Projects at Partnership Expo

- We propose to showcase two CMM conceptual projects related to commercial recovery of CMM from opencast mines:
  - Singrauli coalfield, NCL
  - Korba Coalfield, SECL

# Participation of India In Partnership Expo: Salient features of the Projects

## Moher Sub-Basin of Singrauli Coalfield:

- There are 3 main coal seams in the area having cumulative thickness of 30m. The gas content of coal seams is expected to be 1.5 M<sup>3</sup>/Tonne at the present depth (125m), which may increase to 4 M<sup>3</sup>/Tonne with depth(300-600m).
- NCL is operating 8 mechanized opencast mines having capacity varying from 3 MTY to 10 MTY.
- The present coal production is 52 MTY which is expected to increase up to 67.5 MTY during 2011-12.

## Korba Coalfield

- There are 7 main coal seams in the area having cumulative thickness of 125 m. The gas content of coal seams varies from 1.72 to 4.44 m<sup>3</sup>/tonne in depth range of 220-400m
- SECL is operating 3 large opencast mines having a capacity varying from 10MTY to 25 MTY. The present depth of operation is about 100m.
- The current coal production is 57 MTY which is expected to increase up to 75 MT during 2011-12.

# Participation of India In Partnership Expo: Showcasing Projects...

---

- Both these prospects are currently under examination by CMPDI .
  - Template under preliminary assessment category will be submitted by September' 07.
- 

# Participation of India In Partnership Expo: EOI for Additional CMM Prospects

- Additional CMM prospects, having prognosticated resource of 150 BCM largely in working and potential underground mining blocks are available in the following coalfields:
  - Jharia
  - Raniganj
  - Bokaro
  - South Karanpua
- These prospects will also be showcased, for which Global Expression of Interest is being invited.

**Thank You**
